

## TRAINMEN INJURED IN FRISCO WRECK

Engineer Rhodes and Fireman Morris  
Slightly Hurt When Engine  
Turns Over.

Springfield, August 1.—An anxious crowd whose friends and relatives had been on the wrecked Frisco passenger train No. 4, stood at the Mill street station last night as a special train arrived at 10:30 o'clock from the scene of the accident.

When Engineer C. L. Rhodes, of 980 North Main street, and Fireman Harry D. Morris, of 530 West Lyon street, walked from the front car of the special, the crowd breathed a sigh of relief and word was passed quickly over the packed station platform that the occupants of the engine had been the only ones injured in the derailment.

The wreck occurred twelve car lengths west of the west switch at Dixon shortly after 2 o'clock yesterday afternoon as a result of turning of a rail. The engine turned over, the cab being completely torn from the engine.

Engineer Rhodes was bruised about the body and sustained a slight scalp wound and cuts on the right hand. Fireman Morris was scalded about the head and upper part of the body and sustained body bruises. Both of the men walked unassisted from the train to waiting carriages at the station.

None of the passengers of the train were injured. The first two cars of the train, the baggage and mail cars, left the track and turned over on one side. The occupants of the baggage and mail cars were uninjured.

The passengers of train No. 3 were transferred to the cars of No. 4, which remained on the track and were brought to Springfield. Passenger train No. 3 carried the passengers of No. 4 on to St. Louis.

## TO THE PEOPLE OF BARRY COUNTY

Pursuant with an order received from the Missouri Council of Defense the following warning is issued: Stories have been current for some time that peddlers throughout the country, possibly in German pay, have been selling court plaster, on the streets of the cities and in the rural districts, that was infected with the germs of lockjaw and typhoid fever. The samples of sticking plaster or court plaster submitted for analyses have shown to contain deadly germs so that the people are cautioned against supplying themselves with this remedy except from approved sources, the warning being particularly directed against purchases in small packages from peddlers or street vendors.

For added precaution the Barry County Council of Defense would suggest that the people of Barry County do not purchase from strangers peddling articles of whatever character, by so doing they will protect themselves from perhaps some deadly malady.

Let the people take warning and govern themselves accordingly.

By order of the Barry County Council of Defense.

J. F. MERMOUD, Chairman.  
S. A. CHAPPELL, Secretary.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Monett the same as everywhere. Monett people have used Doan's and Monett people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's Monett proof. Investigate it.

W. H. Cooper, 1110 E. Bond St., says: "I was subject to severe backaches and rheumatic pains. My kidneys acted irregularly, too. I started using Doan's Kidney Pills and they gave me fine relief and put my kidneys in good condition. Doan's can be depended upon."

## Rozita Music Makers to Open Chautauqua

This company—the Rozita Music Makers—is one of the liveliest, sprightliest, most tuneful, entertaining and artistic to be found anywhere.

The attraction that opens the Chautauqua has to be a "humdinger," as the boys say. That's why the Rozitas have been chosen for that hard place on the program.

Look over these folks for a moment. Robert Bingham is a famous robust-tenor, trained abroad, with years of experience in light and grand opera—also a noted impersonator and entertainer.

Rozita Thornton (Mrs. Bingham)

was born in Venice. Her parents were grand opera singers. She has sung for years with Henry W. Savage and The Boston Lyrical Opera Companies. Miss Mazl Galvini is a graduate of the Boston Conservatory in both violin and has had a wide professional concert experience.

Then Rozita Thornton plays the Piano-Accordion. This is a very large and expensive instrument with a piano keyboard on which she plays the most difficult operatic and sacred selections, with all the effects of a great orchestra or pipe organ, as well

as the more popular music of the day. On the piano-accordion Miss Thornton is pre-eminent, and her playing makes a tremendous hit everywhere. The big city theaters and the victrolas are featuring this piano-accordion music which is becoming increasingly popular.

The Rozitas do all these things and more—they sing, they play, enact comedy sketches, impersonations—a little of everything that goes to make up what people really love to hear.

Don't miss the Rozitas on the opening day of the Chautauqua.

## Howe's Arcadian Symphony Sextet to Play Here--Notable Concert Artists on Third Day of Chautauqua Program

One of the biggest successes made by any musical organization ever sent out by the White & Myers Chautauqua System (from whom we secure our Chautauqua) was achieved by Howe's Arcadian Symphony Sextet on White & Myers' most expensive program last summer. The Arcadians are a professional organization of the very highest class consisting of Woodwind Quintet and Piano under the direction of Chas. T. Howe, the eminent

composer and flute-virtuoso.

There is a place on every Chautauqua for a strictly high class musical organization of this type. Look over the list of men who compose the Arcadians.

Chas. T. Howe is a flutist of national reputation. He has played in concerts with such musicians as Sousa, Victor Herbert, Maud Powell, DePachman, Evan Williams and others.

Frank Todhunter, cornetist, is a protégé of Herbert Clark, world-renowned cornet soloist, and is a pupil of Jules Levy.

Earl McCullough, French horn soloist, is a composer of distinction, having written many songs and musical sketches that have proved brilliant successes.

Thos. E. Griselle, Pianist, is also pianist for the internationally-famous annual Cincinnati May Festival under Dr. Ernest Kunwald, one of the most

exact positions of its kind in the world.

Mr. Clarence Strahl, saxophone; Mr. W. H. McLean, clarinet, are also musicians of the greatest ability, having played in some of the world's best bands and orchestras.

These distinguished artists will give a full program on the afternoon of the third day, and a concert prelude that night. There will be enough sprightly popular music to add spice and variety to the concerts.

Miss Mary Shyrook visited relatives in Peirce City, Wednesday.

Mrs. J. S. Robinson and Miss Grace Chandler visited in Carthage, Wednesday.

Mrs. Jim Horn of Peirce City, was the guest of Mrs. Charles King, Wednesday.

R. R. Gretzinger of Lawton, Okla., is visiting his sister, Mrs. Ernest Adams.
